The track worthiness of your car is your responsibility. Cars driven on track require a high level of maintenance. The checks listed here are a **guideline only** to help you arrive at the track with a safe and track-worthy vehicle. **Your car may have specific requirements not listed here.**

Signing this form acknowledges that you have accepted responsibility that the vehicle listed here is safe and well maintained. If you do not have the skills and knowledge to perform these checks, please have this done by a professional mechanic.

Convertibles on track: Hooked On Driving allows convertibles on track assuming the manufacturer states they have rollover protection, or if they have aftermarket rollover protection meeting or exceeding the most current SCCA Solo1 standards.
